

PILLAR 2: THE MANAGED INFLUENCER ECOSYSTEM

1. WHY SIMPLEX-ITY? (The "Digital Franchise" Advantage)

Simplex-ity is not an affiliate program; it is your High-Tech Beauty Boutique.

- **AI-Powered Sales:** Leverage TINT AI to remove shade uncertainty. AR-assisted sales have a 25%+ higher conversion rate than standard static links.
- **Follower Synergy:** Gain fans from total platform traffic. Our algorithm suggests your shop to customers visiting other influencers, building your native following through cross-pollination.
- **The Hero Effect:** Be the exclusive source for a 30% OFF Trial Discount on sought-after Asian Beauty launches.

2. WHAT WE PROVIDE (The Influencer Toolkit)

- **The Mini-Shop:** A personalized, high-conversion storefront hosted on our platform.
- **The AI Try-On Overlay:** TINT AI tools integrated directly into your shop and live streams.
- **The Shared Calendar:** A professional booking system to manage your brand collaborations and deadlines.
- **Zero Inventory Risk:** Brands ship door-to-door; you focus 100% on content and sales.

3. THE SIMPLEX-ITY REQUIREMENTS (The Content Trinity)

To maintain our status as a premium platform, influencers are matched to brands based on their ability to fulfill the Simplex-ity Trinity:

- **Requirement 1 (The Anchor):** 1x Detailed Review Blog featuring original "Before & After" photos.
- **Requirement 2 (The Hype):** 2x Professional Live Streams per campaign window.
- **The AI Mandate:** Complete a 1-hour "AI-Sales Certification" to master the TINT Try-On tool for live audiences.
- **The Reliability Rule:** Adherence to the Shared Calendar is mandatory. Late posts result in a "Visibility Penalty" or a 5% commission dock.

4. THE RELIABILITY SCORECARD (Internal Governance)

Your status on the platform is governed by a real-time Reliability Score (0-100%). This determines your tier and eligibility for brand contracts.

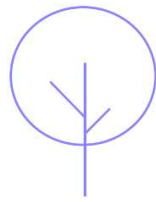

Metric	Impact on Score	Penalty / Reward
On-Time Post	+5 Points	Maintain Eligibility for Top Tiers
Late Post (>4h)	-10 Points	5% Commission Dock for that SKU
Missed Live	-25 Points	7-Day Shop Suspension for that SKU
Completed Blog	+10 Points	Unlocks "Star" Tier status
Platform-Only Follower Growth	Bonus Multiplier	Increases Commission % within your Tier

- The Red Card: Any influencer whose score falls below 70% will have their Mini-Shop permanently shut down.

5. WORK WAY: THE BRAND MATCHING SYSTEM

All influencers start in a Performance Trial. External fame gets you in the door; internal reliability earns you the Superstar status.

Your Tier	Brand Membership Level	Monthly Commitment	Earning Potential
Rising Star	Essential Tier	1x Blog + 1x Live	10% Comm + Basic Bonuses
