AI-Powered Connection

Bridging beauty and innovation

”

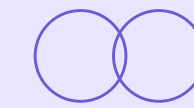

Innovative AI Solutions

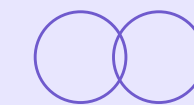

01

AI try-on enables users to visualize products effortlessly.

02

Skin analysis provides personalized recommendations for unique skin types.

03

Smart checkout streamlines the purchasing process for enhanced convenience.

Strategic Advantage in Authenticity

Building trust through direct sourcing

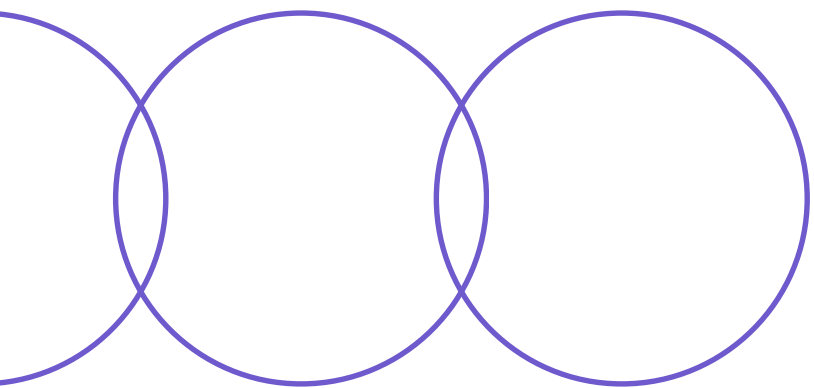

Simplex-ity ensures authenticity and integrity by directly sourcing products from trusted brands. This approach fosters a transparent relationship, enhances customer confidence, and allows for exclusive market launches like Beauty of Joseon.

”

Brand Value

Leveraging exclusivity and transparency for success

Exclusive Launches

We offer exclusive product launches that enhance brand visibility and create excitement among consumers, ensuring they receive the latest innovations.

Transparent ROI

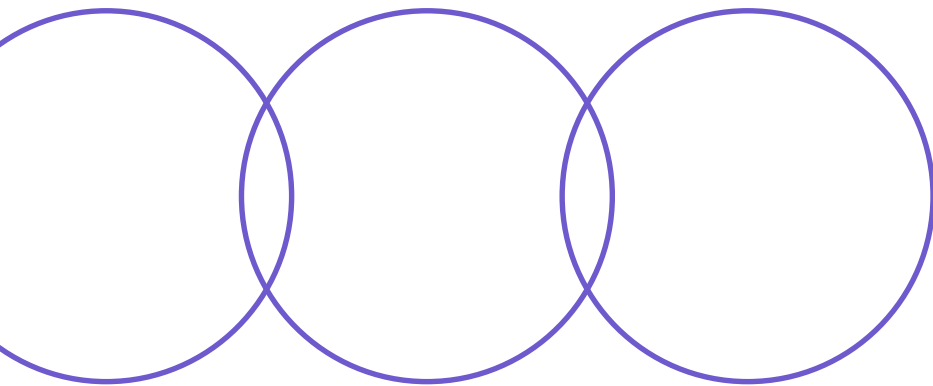

Our transparent ROI metrics enable brands to measure performance effectively, fostering trust and collaboration in partnership efforts while maximizing profitability.

Authorized Distribution

Authorized distribution channels guarantee authenticity and brand integrity, allowing our partners to confidently enter the US and Canada markets.

Influencer Value

Empowering influencers through ownership and income opportunities

Shop Ownership

Influencers can create their own storefronts, promoting products directly to their audience, enhancing engagement and authenticity.

Recurring Income

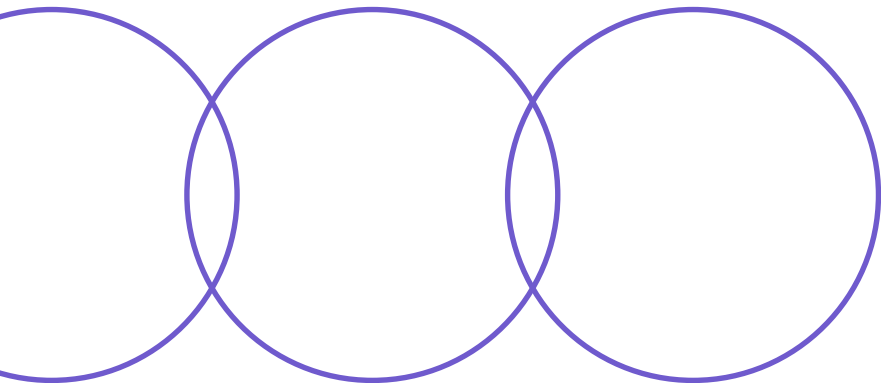

By partnering with brands, influencers can earn consistent revenue through commissions on sales generated from their stores.

Shared Traffic

Collaborating with brands and other influencers leads to increased visibility and shared audiences, expanding reach and growth potential.

Consumer Value

Enhancing user experience through personalization and exclusivity

Personalized Experience

Our platform offers tailored recommendations, ensuring customers find exactly what they need based on their unique skin types and preferences.

Exclusive Discounts

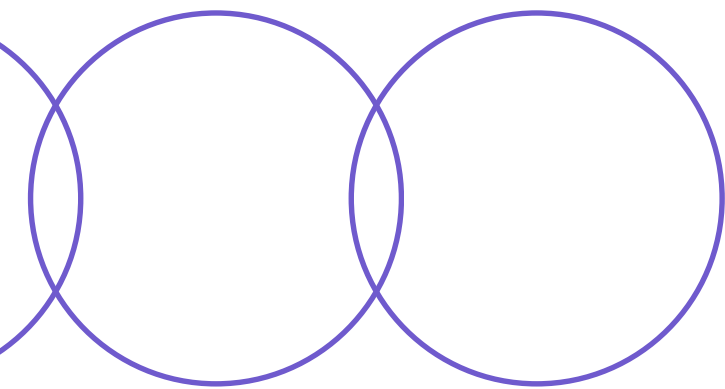

Users benefit from special offers and promotions, making high-quality Asian beauty products more accessible and affordable than ever before.

Authentic Product Assortment

We curate an authentic selection of products, prioritizing quality and trustworthiness to enhance customer satisfaction and loyalty.

Platform Capabilities

Driving success through advanced AI technology features

AI Try-On

Our AI Try-On feature allows users to visualize products on their skin, enhancing the shopping experience and minimizing returns.

Skin Analysis

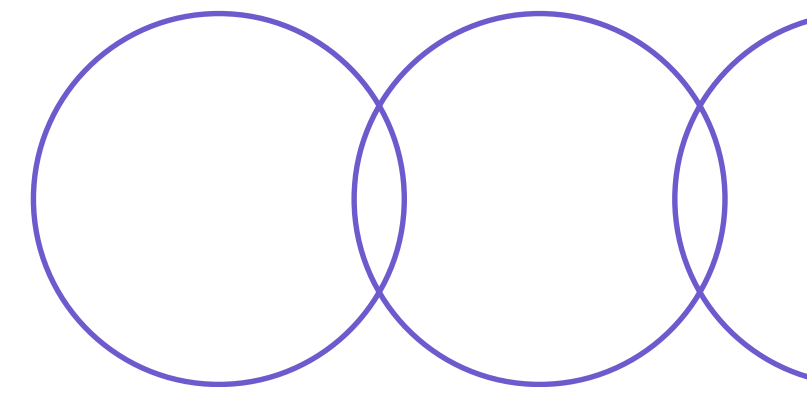

Skin Analysis tools provide personalized recommendations tailored to individual skin types, ensuring that consumers find their perfect match effortlessly.

Smart Checkout

The Smart Checkout process streamlines transactions, offering quick and secure payment options, making the purchasing experience seamless and efficient.

Bridging Confidence

Empowering consumers through innovative AI solutions

AI Try-On

The AI try-on feature allows users to visualize how products will look on them, enhancing confidence in their choices.

Influencer Recommendations

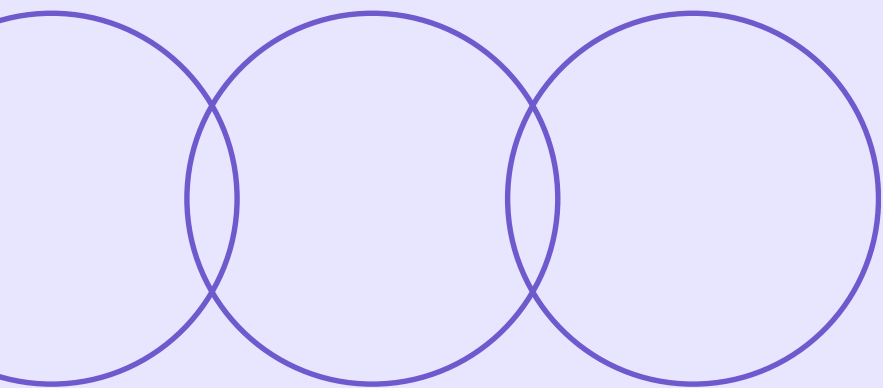

Personalized suggestions from trusted influencers help consumers make informed decisions, resulting in a more satisfying shopping experience.

Exclusive Launches

Access to exclusive product launches builds excitement and trust, ensuring customers feel valued and part of a unique community.

Ecosystem Benefits

Bridging incentives for brands, influencers, and consumers

Brands Win

ROI, exclusivity, and market access empower brands to thrive, ensuring authentic products reach consumers while maximizing profits and market presence.

Influencers Win

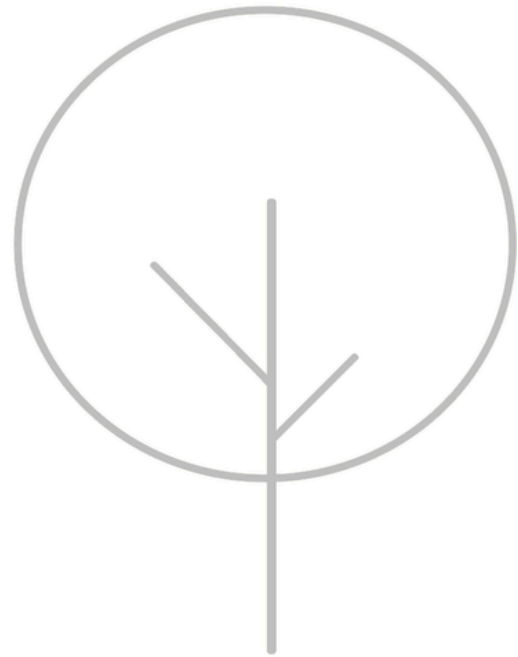

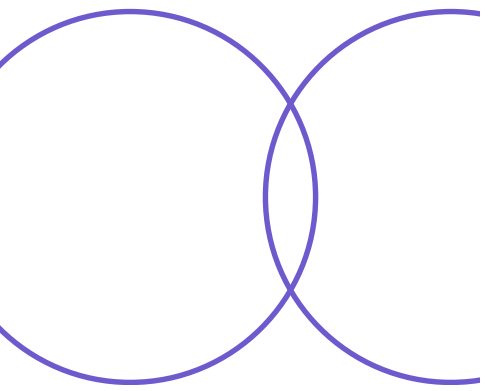

Income, growth, and tools provided to influencers foster collaboration, creating opportunities for revenue generation along with enhanced engagement with their audiences.

Consumers Win

Value, authenticity, and personalization enrich the consumer experience, ensuring they receive tailored recommendations while enjoying exclusive products and trustworthy brands.
